

# Traits in Space

Name: \_\_\_\_\_

Astronaut \_\_\_\_ (A or B)

Traits	 <b>BEFORE MY YEAR IN SPACE</b>	 <b>AFTER MY YEAR IN SPACE</b>
<b>ARM STRENGTH</b>	Before my year in space, I can do _____ push-ups.	After my year in space, I predict my arms would be <b>stronger / weaker / the same strength</b> . Being in space <b>would / would not</b> change this trait because... _____ _____ _____
<b>BALANCE</b>	Before my year in space, I can take _____ steps (out of 10) before losing my balance.	After a year in space, I predict that my balance would be <b>better / worse / the same</b> . Being in space <b>would / would not</b> change this trait because... _____ _____ _____
<b>HEIGHT</b>	Before my year in space, I am this tall: _____	If I stayed on Earth, I might grow one inch (2.5 cm) per year. But if I spent a year in space, I think I would <b>grow even taller / grow the same amount / get shorter</b> . I think being in space <b>would / would not</b> change this trait because... _____ _____
